

Parts Manual

EK25SLP / EK30SLP / EK25CLP

This Parts Manual covers parts for EK25SLP, EK30SLP AND EK25CLP LPG forklift with Cushion tire

Indexing Way

Step 1: Finding out the page for the system or assembly required from the indexing contents and turn to the required page, finding out the concerned drawing;

Step 2: From the detail drawing, find out the parts and their item numbers.

Step 3: According to these items numbers, find out details of these parts of the system or assembly from attached table.

-When ordering the parts or components, please indicate the model and series number of the forklift truck, the drawing number of parts or components you require and their quantity.

-When you replace parts or components, please apply the real goods made by EKKO to ensure the truck's quality.

-We Reserve modification right without notice designations in the CATALOGUE.

-Model & configuration No.

-Abbreviations in the CATALOGUE

ASS'Y	assembly	H.P.	High pressure
R.H.	right hand	L.P.	low pressure
L.H.	left hand		

-Version number note: DWG form drawings are referred by adding a prefix D.

-Metric is suitable for general market. SAE is suitable for North American market.

According to these item numbers, find out details of these parts or the system from attached table.

Every part or component in the drawing is expressed with only item number

Item No.	Part Name	Quantity	Unit
13	...	...	...
12	...	...	...
11	...	...	...
14	...	...	...
19	...	...	...
9	...	...	...
10	...	...	...
8	...	...	...
20	...	...	...
21	...	...	...
22	...	...	...
17	...	...	...
7	...	...	...

This system or assembly is within the coarse solid line circle.

This page code denotes this system or assembly drawing shows on the page.

This exploded view diagram illustrates the assembly of a mechanical component. The parts are numbered as follows:

- 1**: Main housing or bracket with mounting holes.
- 2**: A small circular washer or spacer.
- 3**: A screw or bolt used for mounting.
- 4**: A large circular flange or end plate.
- 5**: A large circular disc or plate.
- 6**: A circular plate with multiple mounting holes.
- 7**: A small pin or clip.
- 8**: A small gear or pinion.
- 9**: A small circular washer or spacer.
- 10**: A large circular flange or end plate.
- 11**: A screw or bolt used for mounting.
- 12**: A screw or bolt used for mounting.

Figure 31: STEERING AXLE

[illegible]

This diagram shows an exploded view of a mechanical assembly. The main component is a complex metal housing or bracket, labeled with the number 1. To its right, there is a long, thin cylindrical rod, labeled 7. Below the rod, there is a small, circular, flat component, labeled 2. To the right of component 2, there is a small, cylindrical component, labeled 3. Below component 3, there is a small, cylindrical component, labeled 4. Below component 4, there is a small, cylindrical component, labeled 5. Below component 5, there is a small, cylindrical component, labeled 6. The components are arranged in a way that suggests they are parts of a larger assembly, with lines indicating their relative positions and how they might fit together.

This diagram shows the exploded view of a water pump assembly. The components are numbered as follows:

- 1**: A curved hose or pipe.
- 2**: A small connector or fitting.
- 3**: A small O-ring or seal.
- 4**: A small connector or fitting.
- 5**: A long, straight hose or pipe.
- 6**: A small connector or fitting.
- 7**: A small O-ring or seal.

The diagram illustrates the assembly sequence, showing how these components fit together to form the water pump assembly.

This diagram illustrates the exploded view of a water supply system, likely for a water meter. The components are numbered as follows:

- 1**: Water supply pipe (top left).
- 2**: Water meter body.
- 3**: Meter inlet/outlet fitting.
- 4**: Meter body mounting bracket.
- 5**: Meter inlet/outlet pipe (bottom left).
- 6**: Meter body mounting bracket (bottom right).
- 7**: Water supply pipe (middle right).
- 8**: Water meter body.
- 9**: Water meter inlet/outlet pipe.
- 10**: Water meter body mounting bracket.
- 11**: Water supply pipe (top right).
- 12**: Water meter body.
- 13**: Water meter inlet/outlet pipe.
- 14**: Water meter body mounting bracket.
- 15**: Water supply pipe (bottom left).

This diagram illustrates the exploded view of a water pump assembly. The components are numbered as follows:

- 1**: Water inlet hose with a female connector.
- 2**: The main pump body.
- 3**: A small O-ring or seal.
- 4**: A coupling nut or adapter.
- 5**: A flexible discharge hose.
- 6**: A hose clamp or band.
- 7**: A vertical pipe or riser.
- 8**: A check valve or backflow preventer.
- 9**: A curved section of the discharge hose.
- 10**: A coupling or elbow fitting.
- 11**: A horizontal pipe or riser.
- 12**: A hose clamp or band.
- 13**: A water outlet hose with a female connector.
- 14**: A mounting bracket or support.
- 15**: A hose clamp or band.
- 16**: A small O-ring or seal.

This exploded view diagram illustrates the assembly of a bicycle frame. The components are labeled with numbers 1 through 30. The main frame consists of a head tube (1), top tube (2), down tube (3), seat tube (4), and chain stays (5). The seat stays (6) are shown attached to the seat tube. The handlebars (7) are mounted on the head tube. The seat post (8) is shown inserted into the seat tube. The pedals (9) are shown attached to the crank arms (10). The rear wheel assembly (11) is shown attached to the rear dropouts (12). The front wheel assembly (13) is shown attached to the front dropouts (14). The fenders (15) are shown attached to the frame. The chain drive components, including the chain (16), chainring (17), and cassette (18), are shown in their relative positions. The rear derailleur (19) is shown attached to the rear dropouts. The front derailleur (20) is shown attached to the front dropouts. The handlebar grips (21) are shown attached to the handlebars. The seat (22) is shown attached to the seat post. The saddle rails (23) are shown attached to the seat. The fender mounts (24) are shown attached to the frame. The fender struts (25) are shown attached to the fender mounts. The fender stays (26) are shown attached to the fender struts. The fender end caps (27) are shown attached to the fender stays. The fender end caps (28) are shown attached to the fender stays. The fender end caps (29) are shown attached to the fender stays. The fender end caps (30) are shown attached to the fender stays.

This exploded view diagram illustrates the assembly of a door. The main components shown include the door panel (1), the door frame (17), and the door handle assembly (10). The diagram is annotated with numerous numbered callouts (1-37) identifying specific parts and fasteners. Key components labeled include:

- Door Panel (1):** The main body of the door.
- Door Frame (17):** The structural frame into which the door is installed.
- Door Handle Assembly (10):** Includes the handle (10), mounting plate (12), and internal mechanism (13, 14).
- Locking Mechanism (20):** The bottom locking component of the door.
- Weatherstripping (34):** The flexible seal around the door edge.
- Fasteners:** Various screws (e.g., 2, 3, 4, 5, 6, 7, 8, 9, 11, 15, 16, 19, 21, 22, 23, 24, 25, 26, 27, 28, 30, 31, 32, 33, 34, 35, 36, 37) and pins (e.g., 1, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 30, 31, 32, 33, 34, 35, 36, 37) used for assembly.

This diagram is an exploded view of a mechanical assembly, likely a door hinge or latch mechanism. It shows various components and their assembly points, indicated by dashed lines and leader lines with numbers. The parts are numbered as follows:

- 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44

The diagram illustrates the relationship between these parts, showing how they fit together to form the complete assembly.

[illegible]

This exploded view diagram illustrates the assembly of a metal frame. The components are numbered as follows:

- 1**: A small pin or screw used to secure the base plate.
- 2**: A small pin or screw used to secure the base plate.
- 3**: The main vertical frame structure.
- 4**: A small pin or screw used to secure the frame.
- 5**: A small pin or screw used to secure the frame.
- 6**: A horizontal frame component.
- 7**: A small pin or screw used to secure the frame.
- 8**: A small pin or screw used to secure the frame.
- 9**: A small pin or screw used to secure the frame.
- 10**: A small pin or screw used to secure the frame.
- 11**: A small pin or screw used to secure the frame.
- 12**: A small pin or screw used to secure the frame.
- 13**: A small pin or screw used to secure the frame.
- 14**: A small pin or screw used to secure the frame.
- 15**: A small pin or screw used to secure the frame.
- 16**: A small pin or screw used to secure the frame.
- 17**: The base plate or foot of the frame.
- 18**: A small pin or screw used to secure the frame.

This exploded view diagram illustrates the assembly of a mechanical component. The parts are numbered as follows:

- 1**: A small pin or screw.
- 2**: A small pin or screw.
- 3**: A long, curved metal rail or frame.
- 4**: A small pin or screw.
- 5**: A small pin or screw.
- 6**: A rectangular metal plate or frame.
- 7**: A small pin or screw.
- 8**: A small pin or screw.
- 9**: A small pin or screw.
- 10**: A small pin or screw.
- 11**: A small pin or screw.
- 12**: A small pin or screw.
- 13**: A small pin or screw.
- 14**: A small pin or screw.
- 15**: A small pin or screw.
- 16**: A small pin or screw.
- 17**: Two long, curved metal arms or levers.
- 18**: A small pin or screw.

The diagram shows the relative positions and assembly sequence of these components, with lines indicating the alignment of parts like the rail (3) and the plate (6).

This exploded view diagram illustrates the assembly of a sliding door system. The components are numbered as follows:

- 11**: The main door panel with a multi-paned upper section.
- 13** and **14**: Hardware for mounting the door panel to the frame.
- 12**: The upper track assembly that guides the door's movement.
- 4**, **6**, **10**, **9**, **5**, **8**, and **7**: A series of rollers and spacers that connect the door panel to the upper track.
- 1** and **2**: Hardware for mounting the lower track to the floor.
- 15**: The L-shaped floor track that guides the bottom of the door.
- 20**, **21**, **17**, **3**, **16**, **19**, and **18**: A series of rollers and spacers that connect the door panel to the lower track.

This exploded view diagram illustrates the assembly of a door. The main components are labeled with numbers 1 through 18. The door frame (9) is the central vertical structure. The door panel (10) is shown to the left. The handle assembly (1, 2, 3, 4, 5, 6, 7, 8) is shown to the right. The locking mechanism (11, 12, 13, 14, 15, 16, 17, 18) is shown at the top and bottom of the door frame. The diagram shows the door panel (10) being inserted into the frame (9). The handle (1) is shown being attached to the frame (9) using the handle bracket (5) and handle screws (3, 4). The locking mechanism (11, 12, 13, 14, 15, 16, 17, 18) is shown being attached to the frame (9) using the locking pins (15, 16, 17) and the locking bolts (11, 12, 13, 14, 18).

This exploded view diagram illustrates the assembly of a door handle. The components are numbered as follows: 1 (small pin), 2 (small pin), 3 (curved bracket), 4 (small pin), 5 (small pin), 6 (small pin), 7 (small pin), 8 (small pin), 9 (main handle body), 10 (vertical support plate), 11 (curved bracket), 12 (small pin), 13 (small pin), 14 (small pin), 15 (small pin), 16 (small pin), 17 (small pin), 18 (small pin), 19 (small pin), and 20 (small pin). The diagram shows the handle (9) being attached to the support plate (10) using the various pins and brackets. The handle has a curved top and a vertical grip. The support plate is designed to be mounted on a door edge. The exploded view shows the handle, support plate, and various mounting hardware (pins, brackets) in their relative positions for assembly.

This exploded view diagram illustrates the assembly of a door handle. The components are numbered as follows:

- 1**: Screws for the base plate.
- 2**: Base plate.
- 3**: Screws for the base plate.
- 4**: Base plate.
- 5**: Screws for the base plate.
- 6**: Screws for the base plate.

This exploded view diagram illustrates the assembly of a mechanical device. The components are numbered as follows:

- 1**: Main vertical shaft or tube.
- 2, 3, 4**: Small circular components, likely O-rings or seals.
- 5**: A larger cylindrical component.
- 6, 8**: Small cylindrical components.
- 7**: A flange or cap.
- 10, 11, 12, 16**: Components of a sub-assembly, possibly a valve or actuator.
- 13, 14, 15, 17, 18, 19, 20**: Small components, likely pins, washers, or seals.
- 21, 22, 25**: Components at the bottom of the assembly.
- 23, 24**: Components on the side of the main shaft.
- 26**: A bracket or mounting plate.
- 27**: A long, threaded component, possibly a screw or bolt.
- 28, 29**: Small components, likely pins or washers.
- 30, 31**: A pulley or wheel and its associated pin.
- 32, 33**: Small components, likely pins or washers.
- 34, 35**: Components of a sub-assembly, possibly a valve or actuator.
- 36, 37, 38, 39**: Components of a sub-assembly, possibly a valve or actuator.
- 40**: A small component, likely a pin or washer.

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or actuator. The main vertical assembly consists of a long tube (14) with various seals and components. At the top, there is a bracket (1) with a pin (8) and a pulley (4). A cable (3) is attached to the top of the tube (14) via a bracket (3) and secured with screws (33, 34, 35). The cable (3) is shown in two positions: one at the top left and one at the bottom right, indicating its range of motion. The bottom right section shows a bracket (10) with a pin (11) and a cable (13) attached to the tube (14). The cable (13) is shown in two positions: one at the top right and one at the bottom right, indicating its range of motion. The diagram includes numerous numbered parts (1-35) and their corresponding assembly points, showing the relationship between the various components.
